What happening?

We are proposing a number club events over the summer months, including a junior summer training series, trail rides and other funday rides. Some of these will be members only and others will be discounted for members.

Please remember that for all competitions require us to get MNZ permit and riders need a licence to cover club liability. We are looking at ways to help reduce these costs to riders.

We are making a number of applications for funding from various organisations to help upgrade the track and equipment.

What's new at the track?

Environment Waikato consent has been received, allowing us to bring in cleanfill to construct and maintain the track. Also to create a carpark and building platform.

TCDC resource consent has had a few hiccups but these are being worked through. We are hoping to have the full consent soon.

Massive upcoming event at Thames Rugby & Sports club

If you are unaware the TRSC are hosting the NRM Northern Region Roller Mills Rugby Tournament from Sun 9th Oct - Sat 15th Oct. This exciting week long event has much action on and off the field with World Cup quarter finals action on the big screen, Team quizz night and a reunion of the championship Valley 89 Roller Mills team which featured former All Black, Wallaby & Valley players. Feel free to attend any of these events over the week and join in the rugby festivities.
Regards Vaughan de Groen. (vaughandegroen@hotmail.com)

NOTE From TVMCC President: There will be no riding allowed during these games/activities as per your keyholder licence.

Got any bike gear to sell or that you want to buy?

Motorbikes, parts, clothing, protective gear – is it cluttering up your cupboard or shed. Kids grown out of their boots and helmet? Dad got too old to handle the bike? Mum wants space for her new MX bike? Let us help you advertise what you've got or what you need.

Current financial members advertise for Free. Please email us: info@tvfcc.org.nz
